

# Bottling Statement

---

Every label Approved by the TTB ([www.ttb.gov](http://www.ttb.gov)) must have a vintner's statement on the declared front or back label with the name of the fictitious business name along with the location of the bottling winery.

You must have a DBA addition for each fictitious business name that you would like to use on your label.

This must be done prior to label approval.

Please download a sample of the letter of authorization and fax back to (209)-963-0699 or email to [genkow@genkowwinery.com](mailto:genkow@genkowwinery.com). This process takes 30 days.

I. Produced Statement:

It may only be on the label if the wine was produced and declared at the bottling facility.

If you meet these requirements then you may say:

- Produced and bottled by (fictitious business name), Colleeville, CA 95215

II. Vintner's Bottled Statement:

It will be used when shipping wine into our facility from another bonded facility or was moved here after produced somewhere else.

You may say:

- Vinted and bottled by (fictitious business name), Colleeville, CA 95215
- Cellared and bottled by (fictitious business name), Colleeville, CA 95215
